

Langlitz Leathers

How to Measure: Vest

Langlitz Leathers

These instructions will help you measure for a Langlitz Leathers Vest.

Langlitz Leathers

< 0 > **BUST DARTS:**

For women, measure from the top shoulder seam to the fullest part of the bust. Do the same thing starting from the side seam beneath the armpit and measure horizontally to the fullest part of the bust line.

< 1 > **AROUND CHEST:**

Measure at the fullest part of the chest. Make sure the tape does not slip down in the back.

< 2 > AROUND WAIST:
Measure at the largest part of your stomach, near the belly button. The tape in the back will be at the small of the back.

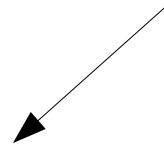

< 3 > AROUND HIPS:
Take the measurement at the bottom of the belt band.

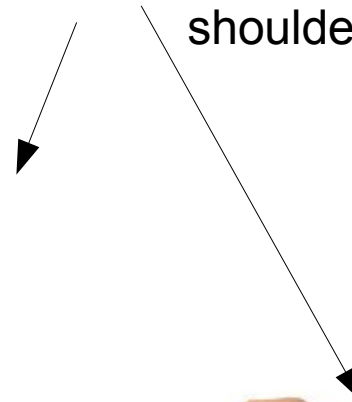

< 4 > FRONT LENGTH:

Measure from the middle of the shoulder seam to 3 inches below the bottom of the pants band.

< 5 > SHOULDER WIDTH:

Locate the tips of the shoulder bones with the middle fingers while loosely holding the tape. Then arch the tape upward near the base of the neck as the distance between the ends of the shoulder bones is measured.

< 6 > BACK LENGTH:
Measure from the base of the neck (near the top of a good fitting T-shirt) to the bottom of the pants belt band.

SHOULDER SLOPE:
Match the slope of the shoulders to the sketch on the measurement chart. (This fellow has a regular slope.)
